Engine Reconditioning Range

Grinding / Cutting Fluids:

Syntol Aquagrind 750:

Synthetic grinding fluid for use on all applications including center-less, surface & cylindrical grinding.

- Excellent corrosion protection.
- Exceptional bio-stability & low foam properties.
- Compatible with most metals including mild, hardened & stainless steels, and aluminium. (Not copper or copper alloys)

Pack size available: 5 litres, 20 litres, 205 litres

Syntol Aquagrind 890:

Synthetic grinding fluid designed for all applications and metals especially tool steels, hardened, or stainless steels.

- Excellent corrosion protection.
- Low foam characteristics.
- Additional lubricity additive for enhanced surface finish.
- Excellent bio-stability.

Pack size available: 4 litres, 20 litres, 205 litres

Syntol Procut M25:

Economic mineral oil based soluble cutting fluid designed for light / medium machining and grinding operations.

- Compatible with all metals including cast iron, aluminum, all steels and copper & its alloys
- Excellent corrosion protection & biostability
- Excellent choice for use as a mineral oil-based soluble fluid for grinding operations

Pack size available: 20 litres, 205 litres

Syntol Procut S38:

Multi-purpose general all-rounder soluble cutting fluid, capable of dealing with all metal types & machining operations.

- Multi-metal, multi-operational extreme pressure fortified mineral based coolant.
- Extremely bio-stable making this fluid ideally suited to grinding cast iron and steel's as well as usual machining operations
- Excellent corrosion protection & foam control.

Pack size available: 5 litres, 20 litres, 205 litres

Mineral Oil Lubricants:

Syntol Hone 5000:

Honing oil for all machine applications and metal types.

- Applicable for all honing operations from handheld to large automated machines.
- Excellent lubricity characteristics giving a superior surface finish.
- Zero aromatic hydrocarbon content thereby does not attack seals, rubber hoses or machine paintwork.

Pack size available: 5 litres, 20 litres, 205 litres

Syntol Solvo SE110:

Low odour fluid with an elevated flash point (PMCC 110C).

- Elevated Flash point (PMCC 110C) for enhanced health & safety protection.
- Non-aromatic containing fluid protects honing stones, machine hoses & parts from solvent degradation.
- Clear & colourless for job visibility
- Light viscosity fluid provides superior surface finish.

Pack size available: 200 litres

Rust Preventatives:

Syntol Cortek RP85:

Quick dry rust preventative depositing an easily removed light greasy film

- Provides 3-6 months protection of parts when stored inside.
- Excellent dewatering properties to eliminate spot or flash rusting.
- Quick dry time and residual greasy residue minimizes film creep.

Pack size available: 4 litres, 20 litres, 205 litres

Syntol Cortek DF87:

Rust preventative / dewatering fluid which imparts an effective oily residue

- Provides 3 – 6 months protection of parts when stored inside.
- Dewatering properties to eliminate spot or flash rusting.
- Additional anti-corrosion additives providing an extra layer of protection

Pack size available 4 litres, 20 litres, 205 litres

Hi-Pro IndustrialCleaners:

Hi-Pro Solvoclean SD Degreaser:

Non-aromatic solvent for degreasing parts in a wash bath situation.

- Non-aromatic containing solvent for H&S and operator acceptance.
- Non dangerous good, classified solvent to avoid DG volume and storage issues
- Excellent grease cutting & oil dispersing properties.
- Leaves light film on workpieces to act as temporary rust preventative (2 – 4 weeks)

Pack size available:4 litres, 20 litres, 200 litres

Hi-Pro Solvoclean T95:

Water-soluble turpentine-based degreaser.

- Parts may be cleaned off with water after degreasing operation.
- Very effective degreaser, dirt removing properties.

Pack size available: 4 litres, 20 litres, 205 litres

Hi-Pro Super Ripper:

Powerful biodegradable water-based multi-purpose cleaner for use in heavy duty applications

- Excellent removal of dirt and soils including oil, grease and dirt from engines, under bodies, and other heavily soiled areas.
- Safe to use on all surfaces, materials and parts when used at correct dilution in water

Pack size available: 4 litres, 20 litres, 205 litres

Hi-Pro Citrus Grit Hand Cleaner:

Highly effective citrus based hand cleaner
Pack size available 5 litres, 20 litres

- Pumice grit for removal of ingrained dirt
- Moisturizers added to avoid drying out of skin

Hi-Pro Kerosene:

Multi-use solvent for parts wash and degreasing.
Pack size available: 4 litres, 20 litres, 200 litres

Hi-Pro White Spirits:

Multi-use solvent for parts wash and degreasing.
Pack size available: 4 litres, 20 litres, 200 litres

Hi-Pro Solvolite:

Quick dry solvent for removal of oil and grease from all surfaces.
Pack size available 4 litres, 20 litres, 200 litres
