Engineering Range

Syntol — Technical Solutions

Solumax Ultra
A cutting edge, semi-synthetic micro emulsion coolant suitable for ALL machining operations & ALL metal types.
- ✓ Exceptional biostability
- ✓ Additives to resist bacterial & fungal growth
- ✓ Lower biocide loading = safer product to use
- ✓ Will not leach copper

1, 5, 20 Litres

Solumax Premium
A high performance semi-synthetic oil soluble coolant for ALL metal types & ALL machining operations in general workshops.
- ✓ Excellent lubricity
- ✓ Very high biostability
- ✓ Keeps lathes/CNC's exceptionally clean

1, 4, 20 Litres

Synto-Grind
A premium quality synthetic grinding fluid for ALL grinding operations & ALL metal types.
- ✓ High biostability
- ✓ Lubricity additive = excellent surface finish
- ✓ Foam control
- ✓ Corrosion control

4, 20 Litres

Lubrimax
A premium multi-purpose neat cutting oil for ALL machining operations & ALL metal types.
- ✓ Extreme pressure fortified
- ✓ Provides a superior quality surface finish
- ✓ Exceptional lubricity for extra long tool life

1, 5, 20 Litres

Black Tapp
An extreme pressure fortified lubricant for tapping & forming operations.
- ✓ Water emulsifiable
- ✓ Quick & easy removal of oil after forming operations
- ✓ Anti-corrosion additives
- ✓ Exceptional lubricity
- ✓ Low odour

500mls, 4 Litres

Slidelube
A premium slideway lubricant for ALL horizontal & vertical slides on lathes & CNC's.
- ✓ Friction modifies to avoid stick/slip
- ✓ Includes tackifier for adherance to slides

5, 20 Litres

Cortek RP85
A quick dry solvent-based rust preventative fluid for ALL metal parts, machinery & equipment.
- ✓ Greasy residual film = protection from rust & corrosion
- ✓ Will not creep or attract dirt or dust
- ✓ Superior dewatering properties prevent surface rust
- ✓ Provides up to 6 months indoor protection
- ✓ Apply by brush, swab, drip feed or soak

4 Litres

Cortek DF87
A solvent-based rust preventative fluid for ALL metal parts, machinery & equipment.
- ✓ Oily rust preventative residual film
- ✓ Dewatering properties = removes surface moisture to prevent rust forming under film
- ✓ Excellent adhesion to metal
- ✓ Provides up to 6 months indoor protection from rust & corrosion
- ✓ Apply by brush, swab drip feed or soak

4 Litres

Hydratek 32, 46, 68, 100
A premium quality, zinc-based, anti-wear hydraulic fluid for ALL hydraulic systems.
- ✓ Excellent anti-foam & air release
- ✓ Highly refined group 2/3 base stocks = oxidation control = longer shelf life
- ✓ Provides rust & corrosion protection
- ✓ Anti-wear properties meet all OEM approvals

5, 20 Litres

Chainbar
A premium quaility chainbar lubricant, for superior lubrication of chains, bars & sprockets of ALL chain-saws, mowers & motorcycle drives.
- ✓ High quality virgin oil based
- ✓ Enhanced viscosity for better lubrication & adherance to equipment
- ✓ Added tackifier for maximum adherance & minimal fly-off

1, 4, 20 Litres
